

Man 1

Physical Characteristics

Age: Mid 60's, likely bald

Skin Tone: Light Brown

Ethnicity: African-American

Height: 5'9 or so

Weight: Lean build, but has some "older man sag" to him. He has to extra weight to be sure.

Dress: A lifelong traveler, Man 1 has been able to find some good traveling clothes, but like him, they show his age. Worn and threadbare. He does have boots, but they too are likely held together with string or twine. He likely has a walking stick/spear, used as much for balance as it is to fight. He is armed with a Dead-Man's gun (a jury-rigged shotgun type weapon), and some knives.

Man 2

Physical Characteristics

Age: Late 20's

Skin: Black

Ethnicity: African-America

Height: 6'

Weight: Man 2 is powerfully built. There is very little fat on the man. He's not muscle-bound by any means however. Think Daniel Craig.

Dress: He has an actual jacket, a backpack, and rugged traveling clothes. Since he and his father have traveled all their lives, they carry a lot of their possessions on them, but have it rigged to be removed when speed is of the essence. Perhaps he wears a longcoat? He definitely has boots.

Man 2 is armed as well. He carries a baseball bat/club, knives, and even a pair of pistols.

Woman 1

Physical Characteristics

Age: Early 20's

Skin: White

Ethnicity: Caucasian

Height: 5'7"

Weight: Woman 1e spent most of her years working a farm, so is well built. I picture her hair longer.

Dress: Animal skin clothes, with a decent enough cut. He shirt is likely a bit longer, with front "scoop-like" pockets used to hold veggies when they were plucked from the soil. She has shoes.

Girl 1

Physical Characteristics

Age: Late single digits, a tween at the most

Skin: Olive

Ethnicity: Asian influences

Height: 5'3"

Weight: Girl 1 is light, appearing slightly malnourished. Her legs are long for a girl her age, thus her fast running ability. Her hair is short, and maybe even a bit scraggly.

Dress: Girl 1 wears scraps for clothes. Perhaps a sack shirt, with some loose-fitting pants. She does have shoes, even if they are converted sneakers. Girl 1 is armed with a small knife she keeps hidden.

Man 3

Physical Characteristics

Age: Late 20's

Skin: White

Ethnicity: Caucasian

Height: 5'10"

Weight: Man 3 is very lean, and also appears a bit malnourished, reflecting his lifestyle of scavenging and often not finding much. He does not lack for power, however. I picture him both with long and short hair. I cannot decide

Dress: Whatever he can find. Though he doesn't look like he stepped off the set of The Road Warrior, he does bear some resemblance. He wears what he has been able to find that fits. As expected, Man 3 is armed. He has a machete, some knives, a sawed-off shotgun, and brass knuckles.
